

ON OUR WAY

R1: So it's 1889, everything is lookin' fine.
Orville dropped out of school,
which we all know isn't cool, (NOT COOL)
Unless you find success and possess a printing press,
And your brother Wilbur jumps into the fray! Hey!

R2: Now it's 1892 what's a man supposed to do?
Can't stop, can't flop; got a bicycle shop!
For some poverty preventin' do some novelty inventin'
Make like Leonardo, gotta grow. So.... Yo!

R3: I'm so bewildered how could two bike builders,
Who never finished school, (NOT COOL)
Hey that's just not cool!
They were breakin' every rule. No school?
But every molecule of their brains said, "Do it!"
And their sister said,

KAT: "Hey, you're on your way! Don't worry what they say.
Just get up every day, it'll be okay.
Say bray, neigh hey!
Everything is looking bright, though the dough's a little right,
Keep on workin' day and night."

ALL: Right? Right! It'll be all right!

And their dad said

BISHOP: "A-men!"

ALL: Yeah their dad said

BISHOP "A-men!"

ALL: That's the best that he could dish up
' cause by now he was a bishop!

BISHOP: Say bray, hey! Pray! Boys, you're on your way!

BROS: We're on our way!

KAT: You're on your way!

BROS: We're on our way!

ALL: You're on your way!

BROS: We're on our way!

Up every day, they head down to the shop.
Morning 'til night, no they never can stop!
Try anything, yes, they try everything together.
Everything new, but the boys had a plan.
Both of them grew from a boy to a man.
Future was bright and their hearts
were as light as a feather.

We're on our way, day after day!

What ever they say, we're gonna take it, take it to the limit.
Hey! What do you say? We'd like to stay and see what's in it,
But haven't got a minute today! We're on our way!

If little birds can fly, why can't we?

I'm looking up at them laughing at me.

But just you wait, soon or later I'll be right up there!

If you'll just give me a little more time,

I'll not give up, I'm still thinking that I'm,

I'm almost there before long, we'll be floating on air.

We're on our way, day after day! Whatever they say, we're gonna take it,
Take it to the limit.

Hey! What do you say? We'd like to stay and see what's in it,
but haven't got a minute today!

We're on our way!

We're on our way!

We're on our way!
