

THIRTEEN LITTLE COUNTRIES

Thirteen little countries,
Mmmm, mmm, mmm, how great!
Thirteen little countries,
Mmmm, mmm, mmm, can't wait.
There's no more king of England,
Just throwing 'round his weight.

Thirteen little countries,
Mmmm, mmm, mmm, yahoo!
Thirteen little countries,
Mmmm, mmm, mmm, brand new!
No bossy federal government
To tell us what to do!

Thirteen foreign policies,
Thirteen kinds of laws.
Thirteen sets of boundary lines,
It kind of gives you pause.
Thirteen little armies,
Thirteen ways to fight.
Thirteen major headaches
Now with no relief in sight.

Thirteen little countries,
Mmmm, mmm, mmm, we're doomed!
Thirteen little countries,
Mmmm, mmm, mmm, kaboom!
Before we've even started,
The end is coming soon.
Before we've even started,
The end is coming soon!
