

## We Will Fly

**R1:** Unbelievable! Completely inconceivable!  
But two Ohio brothers thought the whole thing was  
achievable!  
Their father... a preacher. Their sister, a teacher!  
They were like a double feature;  
They were Orville and Wilbur Wright! Right!

**R2:** Why, oh why, oh, from Dayton, Ohio!  
They looked to the sky, oh and said, "We're gonna fly!"

**R3:** No one said the boys were lazy,  
But perhaps a little crazy.  
Their tenacity amazes me, that's right!  
Orville and Wilbur Wright!

**ALL:** Right!

**R4:** They were quiet, they were smart;  
Couldn't pry the two apart.  
Their will was off the charts and they  
knew deep in their hearts, they could fly...

**R5:** Fly... like a bird in the sky!  
They were sly, they were spry, and they said "We gotta try!"  
Gravity defy!  
They had to satisfy their dreams, their schemes,  
So as crazy as it seems, they went to extremes.  
They tried ev'rything;  
Winter, summer, fall and spring to be like they had wings and  
fly!

**R6:** Try! Try! Never worry "why!" Take it to the sky and fly!  
The brothers Wright! Right!

**BROS:** We will fly!

**ALL:** We will fly! We will fly like a bird up in the sky,  
We can float so very high.  
We will fly! We will fly! Ev'ryone might wonder why?  
But we know we've got to try, We've got to fly.

**ORV:** When we look up to the stars, up to Mercury and Mars,  
And see all that we can see, endless possibility;  
We just know we've got to try it, got to build a plane and fly it.  
There's no guess to our success. The only word we know is  
YES!

**ALL:** We will fly! We will fly like a bird up in the sky,  
We can float so very high.  
We will fly! We will fly! Ev'ryone might wonder why?  
But we know we've got to try, We've got to fly.

**WIL:** Since I opened up my eyes, surprise was always in the  
skies,  
So I'll never compromise; gotta rise up to that prize!  
'Cause as crazy as it seems, a person's got to have their  
dreams.  
All my thoughts are amplifyin' and my mind is all on flyin'!

**ALL:** We will fly! We will fly like a bird up in the sky,  
We can float so very high.  
We will fly! We will fly! Ev'ryone might wonder why?  
But we know we've got to try, We've got to fly.  
Fly! Fly! Fly! We will (rest) fly!
